KNOW-HOW & daring

Guerlain opened its Institute and aesthetic training school in 1939. It has since trained all its Beauty Experts there, inspiring them to be ambassadors for Guerlain excellence. Throughout the world, these Experts carry out treatments requiring tremendous technical skill, such as the 19-minute facial treatment, which is considered as an industry standard. Spurred on by its pioneering and enterprising vision, Guerlain has been developing massage techniques that combine tradition and innovation for the past 80 years.

With its years of know-how and expertise, Guerlain ensures that every single treatment is an outstanding and personalised experience. Guerlain Beauty Experts perform Guerlain protocols with perfect skill, while being attentive to each individual. The diagnosis stage allows the Experts to adapt their movements and pressure to meet precise needs and expectations. For a unique and absolutely unforgettable experience...

AWAKENING the senses

Inside an intimate cocoon, soothed by relaxing music, the senses are aroused and the mind is calmed. Before each treatment, Beauty Experts ask each guest to choose their own olfactory theme to create an atmosphere of relaxation and serenity. This theme helps to encourage gentle relaxation and to ensure that the journey to well-being is enjoyed to the full.

Rare orchids with outstanding longevity properties, healing bee products... Since it was founded, Guerlain has been inspired by nature, respectfully drawing on its sensoriality and effectiveness. This unique quest for perfection is echoed at every single Guerlain Spa. Inside each haven, complex rituals are performed to the most exacting standards, the result of extensive development and research. So that every single Guerlain treatment, throughout the world, is an unforgettable experience.

This treatment is a unique experience, a proof of Guerlain's incredible ability to innovate while drawing on its long-standing expertise. The 80 has been designed to meet each individual's own expectations, working on 80 muscles in the body and face, and involving 80 specific techniques applied to 80 pressure points: every movement can be personalised. The protocol has one aim:

to ensure your mind and body are completely relaxed, through the alternating rhythms set by the Guerlain Beauty Expert. After this session, the body feels light, supple, relieved from stress, and full of renewed energy and self-confidence. Once again, Guerlain has designed a new treatment that takes up the challenge of combining an aesthetic massage with the effects of a yoga session.
